

BRUNO SOARES DE FARIA

Front-end Developer with solid experience in modern frameworks like Vue.js, React.js, and Next.js. Proficient in TypeScript, Tailwind CSS, REST API integration, WebSockets, and Git best practices. I have worked on a wide range of projects, from web portals to mobile apps, always focused on performance, quality UI, and clean code. Experience with Styled Components, React Native, Node.js, and Python. Comfortable in agile environments, whether remote or hybrid, always looking for new challenges and growth in the software field.
